Explore Southern Tanzania's undiscovered underwater paradise with eco₂ breaks

eco₂ breaks combine the unexplored diving of southern Tanzania with the region's best hotels, to provide a package of accommodation, breakfast and diving.

This area of Tanzania is largely unexplored and offers a diverse range of dive sites catering for all tastes. Our dive sites combine structural beauty with high biodiversity; over 400 species of fish and 258 species of coral have been identified in the region.

We arrange airport pickups for Mtwara, and our partner hotels will do everything they can to make your stay in

Mikindani problem free, while we at eco₂ will introduce you to some of the most memorable diving in Tanzania.

We offer a choice of hotels from [Ten Degrees South Guesthouse and Lodge](#) and [The Old Boma at Mikindani](#)

Booking an eco₂ break ensures your hotel and diving are reserved, as well as offering a discount on our walk-in prices. Just choose the amount of diving and the length of your stay, and if you don't see the combination you're looking for, email us and we'll put together a price for you.
